

- Hematopoietic stem cell
- Eosinophil
- Macrophage M1
- B cell plasma
- Mast cell
- T cell CD4+ central memory
- immune score
- Macrophage M2
- Common myeloid progenitor
- T cell CD4+ Th2
- B cell naive
- Plasmacytoid dendritic cell
- Granulocyte-monocyte progenitor
- Monocyte
- Neutrophil
- NK cell
- T cell CD4+ naive
- T cell CD4+ effector memory
- T cell gamma delta
- T cell CD4+ (non-regulatory)
- B cell memory
- T cell CD8+
- Common lymphoid progenitor
- T cell regulatory (Tregs)
- T cell CD4+ Th1
- stroma score
- Endothelial cell
- Cancer associated fibroblast
- Myeloid dendritic cell activated
- T cell NK
- microenvironment score

32 cell types
